

FOR IMMEDIATE RELEASE

Aga Khan University Hospital of Karachi Chooses Meta's Chart Abstracting Software

HIM Software Solutions Provider Meta Health Technology Expands Reach to Asia

New York, NY — Meta Health Technology, a leading provider of health information management software solutions, announced today that Aga Khan University Hospital of Karachi, Pakistan, has licensed Meta's patient chart abstracting software.

According to Eli Nahmias, Meta's President and CEO, "As we expand our international presence beyond our established base in North America, we are looking at opportunities in Asia and in other regions of the world. We are pleased that Aga Khan University Hospital has chosen PowerAbstract because of the product's powerful functionality and its excellent reporting capabilities."

About Aga Khan University Hospital

Aga Khan University Hospital, Karachi, Pakistan, is an integrated, health care delivery component of Aga Khan University. It is a philanthropic, not-for-profit, private teaching institution committed to providing the best possible options for diagnosis of disease and team management of patient care. The hospital has 545 beds and provides services to over 42,000 hospitalized patients and to over 500,000 outpatients annually. AKUH is the first hospital in Pakistan and among the first few teaching hospitals in the world to be awarded the prestigious Joint Commission International Accreditation (JCIA) for practicing the highest internationally recognized quality standards in health care.

About Meta Health Technology
